Why esports is future

Esports competitions promoted to coincide with the Official Olympics in addition to the Korean games

- Dolor Sit

About website

eSports, also known as e-Sports, egames, or electronic sports is organized competitive video gamin

primarily involves teams competing against each other in tournaments for a cash prize.

Functionally, it's the same as traditional sports.

HOW WE CAN CHOSSE ESPORT AS A CARRER

Reach out to teams, organisations, tournament providers, broadcasters and other companies that sponsor or are involved in esports in some way. Try and contact a senior person or someone you want to work with in particular. The bigger the company you go for, the more likely you'll be able to book in some work experience, but going for a smaller organisation has its upsides, especially if you're looking for a more hands-on role.
